I recommend that this Deflected Double Cloth sample blanket is wove on a table loom. This ensures that you feel/learn the rhythm of the lifts and the structure. However many readers are weaving it on a floor loom, so I have written out a Universal Tie-up that allow all 16 possible lifting sequences to be woven on the one tie-up. See over page.

UNIVERSAL TIE-UP for weaving the DEFLECTED DOUBLE CLOTH SAMPLE BLANKET on a floor loom
